

PAGE 2 – CREATE DEMO SHIPMENT

Purpose

- Allow users to create a simulated shipment and experience the Smart Adaptive Recovery System (SARS).
- After the form is completed, the system generates a demo shipment and redirects users to **My Shipment**.

Sender Information

- Sender Name (Text Field)
- Phone Number (Text Field)
- No phone number format validation is required, as this is a demonstration website.

Receiver Information

- Receiver Name (Text Field)
- Phone Number (Text Field)

Customer Type (Required – Select One)

The selected customer type determines the recovery path if an abnormal delay is detected.

- **Online Shopper**
 - Customers purchasing products online.
 - Recovery focuses on fast updates, transparency, and convenient resolution.
- **Online Merchant**
 - Online sellers managing customer orders.
 - Recovery focuses on protecting business reputation, reducing customer complaints, and minimizing business disruption.
- **Individual Sender**
 - Customers sending important documents, gifts, personal belongings, or one-of-a-kind items.
 - Recovery focuses on personalized support and recovering the original parcel whenever possible.

Parcel Category (Required – Select One)

The selected parcel category determines the recovery mode.

- **Commercial Goods**
 - Recovery Mode: Fast Replacement / Refund Support
- **Personal Items**
 - Recovery Mode: Standard Recovery
- **Important Documents**
 - Recovery Mode: Priority Recovery
 - Features:
 - Dedicated Case Manager
 - Priority Investigation
 - Progress Updates every 2–4 hours
 - Official Confirmation Documents if the parcel is confirmed lost
- **One-of-a-kind Items**
 - Recovery Mode: Intensive Search Mode
 - Features:
 - Dedicated Case Manager
 - Priority Investigation
 - Manager-level Escalation if unresolved
 - Progress Updates every 2–4 hours
- **Fragile Items**
 - Recovery Mode: Standard Recovery

Cargo Insurance (Required – Select One)

Display a short description below each option so users understand the compensation policy before creating the shipment.

- **Yes**
 - If the parcel is confirmed lost:
 - Compensation = 100% of the declared parcel value, according to Viettel Post Compensation Policy.
- **No**
 - If the parcel is confirmed lost:
 - Compensation = 4× the shipping fee for domestic shipments, according to Viettel Post Compensation Policy.

Primary Action

Create Demo Shipment

After clicking the button:

- Generate a Tracking ID.
 - Create the shipment information.
 - Redirect users to **My Shipment**.
-

PAGE 3 – MY SHIPMENT

Purpose

- Display the shipment journey and simulate an abnormal delay after 30 seconds to demonstrate the proactive recovery process.

Shipment Summary

- Tracking ID
- Customer Type
- Parcel Category
- Insurance Status
- Current Status
- Estimated Delivery Time

Shipment Timeline

The shipment progresses through different delivery stages.

Example statuses:

- Shipment Created
- Order Confirmed
- Being Prepared by the Seller
- In Transit to Sorting Hub (*An abnormal delay may occur here.*)
- Arrived at Sorting Hub (*An abnormal delay may occur here.*)
- Out for Delivery

The abnormal delay may occur at different logistics stages. Once an issue is detected, the shipment timeline immediately stops at that stage and no further shipment progress is displayed.

Delay Simulation

After approximately **30 seconds**:

- The shipment stops at the current logistics stage.
- The system detects an abnormal delay automatically.
- A Recovery Case is created immediately.

Full-Screen Alert (Recommended)

Display a large modal covering most of the screen to immediately attract the user's attention.

Optional:

- Play a soft notification sound when the alert appears.

Title

Abnormal Delay Detected

Message

- Your parcel has remained at the current logistics stage longer than expected.
- An investigation has been started automatically.
- Recovery Case ID: RCXXXXXXXX

Primary Button

- View Recovery Center
-

PAGE 4 – RECOVERY CENTER

Purpose

- Display the complete recovery journey after an abnormal delay has been detected.

Recovery Summary

- Recovery Case ID
- Customer Type
- Parcel Category
- Insurance Status
- Recovery Mode

- Investigation Status
- Estimated Next Update

Investigation Timeline

- Recovery Case Created
- Warehouse Manager Notified
- Scanning Records Checked
- Storage Location Verified
- CCTV Review (if necessary)
- Staff Handling History Reviewed
- Transportation Records Reviewed
- Investigation Result

Notification Panel

Display all recovery updates in chronological order.

Example:

- Investigation Started
 - Investigation Team Assigned
 - Investigation Progress Updated
 - Estimated Next Update
 - Parcel Found
 - Parcel Confirmed Lost
-

Adaptive Recovery

Online Shopper

Display:

- Real-time Investigation Timeline
- Estimated Resolution Time (Example: 7 hours)
- Live Status Notifications

Immediately allow users to select their preferred recovery option.

Options:

- Continue Investigation
- Refund

- Replacement (if available)

Replacement Option

- Available only for Online Shopper.
- The system checks product availability with the seller.
- If stock is available, a replacement shipment is created immediately.
- If the original parcel is later found, it will be returned to the seller.

If the parcel is confirmed lost:

- Insured Shipment → 100% Declared Value Compensation.
- Non-insured Shipment → 4× Shipping Fee Compensation.

Additional Customer Care:

- Free Shipping Voucher
 - Loyalty Points
 - Delivery Coupon
-

Online Merchant

Display:

- Merchant Recovery Dashboard
 - Delay Reason
 - Estimated Resolution Time
 - Suggested Customer Response Templates
 - Priority Investigation
 - Automatic Shipping Fee Compensation
 - Delayed Order Performance Report
-

Individual Sender

Display:

- Critical Parcel Recovery Mode
- Dedicated Case Manager
- Priority Warehouse Investigation
- Progress Updates every 2–4 hours
- Manager-level Escalation if unresolved

- Official Confirmation Documents if the parcel is confirmed lost
-

Resolution

Parcel Found

- Resume Priority Delivery
- Continue Shipment Tracking
- Close the Recovery Case after Customer Confirmation

Parcel Confirmed Lost

- Display Compensation based on Viettel Post Compensation Policy.
 - Close the Recovery Case after Customer Confirmation.
-

PAGE 5 – HELP CENTER

Contact Information

- Viettel Post Hotline: **1900 1515** (*Use the official hotline if available; if this is only for the demo, indicate that it is a placeholder.*)
- Customer Support Email: **cskh@viettelpost.com**

Compensation Policy

Insured Shipment

- 100% compensation based on the declared parcel value (maximum insured value: 100 million VND).
- 100% COD collection amount (excluding profit), maximum 30 million VND per shipment.

Domestic Shipment without Insurance

- Compensation equals 4× the shipping fee.

No Compensation Applies When

- Damage is caused by the sender.
- The sender cannot provide proof of shipment or damage.

- The parcel has been successfully delivered without recipient complaints.
- The parcel is confiscated or destroyed according to applicable laws.
- Complaint procedures are not followed.
- Force majeure events occur.
